

Glass Frame

HmIP-GFx | HmIP-GFx-A

homematic IP
Smart living, simply comfortable

The Homematic IP Glass Frame is the perfect addition for device installations with a 55 mm frame size. The elegance of the surface, made of durable and hygienic glass, immediately catches the eye.

COLOUR VARIATIONS

With white or black backing, the glass frame blends perfectly into various living environments on light and dark walls.

HIGH COMPATIBILITY

Thanks to its frame format, the Glass Frame is compatible with all 55 mm devices from the Homematic IP product range (e.g. HmIP-WGS, HmIP-WGTC and HmIP-WRC2).
